I hereby declare that I have independently prepared this work in all its parts. I have not used any sources or resources other than those specified in the work. The work has not been submitted to any other examination in the same or similar form. I am aware that I am the author of this work and that I bear full responsibility for the text. ☐

I declare that I have identified any content taken verbally or in essence from other works – including web sources – as such. I have indicated the relevant sources as such (in full). ☐

I am aware that my work can be checked for plagiarism. I am aware that submitting plagiarism is a serious academic misconduct and that any violation will be punished according to the examination regulations applicable to me. ☐

In addition, I declare that I have only used tools based on artificial intelligence (AI) in consultation and accordance with the examiners. My own intellectual performance was the main focus, and I was always in control of the process. ☐

I have listed these tools in full in the list of sources in the section "Overview of resources used" with their product name and scope of functionality applied in this examination/study work, specifying the respective text passage(s) in the work. ☐

I confirm that I have not employed any AI-based tools that the examiners have explicitly excluded in writing. I am aware that the use of texts, other content and products generated by AI-based tools do not guarantee their quality. ☐

I am fully responsible for adopting any machine-generated passages I used, and I bear extended responsibility for any AI-generated incorrect or distorted content, incorrect references, violations of data protection and copyright law, or plagiarism. ☐
