Merry Christmas

IMPORTANT – Examination registration

Registration starts: 23.12.2024

Registration ends: 19.01.2025

Examination period: 03.02-21.02.2025

After the deadline for registering for exams has expired, registration is no longer possible. You have no legal right to take the exam if you are not registered for the respective exam.

IMPORTANT:

From December 23, 2024, the exams for the examination period will be available on the examination portal. Only from this date can you find the list of the exams and register for them. Registration for exams that take place outside the exam period: Registration is possible up to 7 days before the exam date.

Please note that a module can consist of several components and register for them accordingly.

Application for de-registration after successful completion of your studies

If you do not consider further study at our university, please apply for de-registration online in the student services portal. If necessary, the date of exmatriculation can be adjusted later. You can choose any date of exmatriculation between the date of application for the de-registration and the end of the semester. Please check your postal address and change it accordingly, as this is where the final documents will be sent.
